

Open Call

PERFORMERS WANTED

for the performance *Habitat* in Cologne

Choreographer Doris Uhlich is looking for local performers* (with and without dance experience) for the performance »*Habitat*« in Cologne.

We are looking for people of all ages (18+) and backgrounds with an interest in movement. We are interested in a wide variety of genders and abilities: **all abilities, all genders, all ages! Every Body Welcome!**

Background

As in previous pieces (including MORE THAN NAKED, EVERY BODY ELECTRIC and SEISMIC DANCER), the naked body is central to »*Habitat*«. »*Habitat*« shows the naked body in its strength and fragility. To electronic sounds and techno tracks, the performers celebrate their unity and diversity. As individuals and as a group they simultaneously conquer space in a performance that is captivating, highly energetic, and at times collectively at peace with itself. »*Habitat*« transcends conventional notions of the body, dance and nudity in a subversive way. It goes beyond conventional ideals of beauty. »*Habitat*« is a utopian anthem. The series has already been developed and performed in various cities in Europe and will have its next stop in Cologne. Each »*Habitat*« is unique and is inspired by the architecture and history of the place.
